

I have lived in Cincinnati, Ohio since 1976. I used to listen to another station in town, but 2 years ago I discovered K-LOVE 104.3. It has made an incredible difference in my life and my family's life. K-LOVE not only keeps me up to date on what is happening in my community (the things I am particularly interested in), but it also keeps me apprised of world events.

I am very concerned to hear that another broadcast station could take the place of this station. In a world of bad language and terrible world events. K-LOVE offers respite and comfort. It encourages its listeners to make a positive difference in their community and world. It encourages us to get involved. If this is not providing a public service you will have to explain to me what is.

K-LOVE 104.3 is a totally listener funded radio station. That in itself is amazing in today's world.

Please do not bring in the LPFM stations.
Thank you for your time and consideration,
